## Mortgages: Credit to Close

This class explains everything from credit report data, to credit scores, and even what lenders look at when approving a loan. In addition, we will clarify how to improve your score.

We go in depth on the automated underwriting system with Fannie Mae. We will cover what lenders see when running a loan thru the automated underwriting system as well as the actual DU findings in detail. We will analyze loan estimates and closing disclosures in detail as well as how to interpret it.
