## From Likes to Leads: Profit with Your Personality - #65532

If you can't figure out why what "Sally Sales-A-Lot" (a.k.a. your neighborhood top producer) uses works so well for her but not for you, then this class is for you. Instead of simply copying someone's else lead generation technique, I have learned personally and by studying some of the top 1000 real estate agents in the nation that it is vital to "play" to YOUR strengths. This workshop will help you do just that.
