2024 Digital Vision Board Workshop

It's time to create a visual presentation of your goals for 2024 using images, words, photos, etc. The board serves as a daily reminder of what you want to achieve and helps motivate you to make your vision a reality. There is no prep required outside of a little brainstorming.

We will talk about vision boards, their purpose and their benefits; view examples of vision boards; think about your 2024 dreams, goals, and priorities to simply record them on a digital board which can be ordered in physical form or simply downloaded and saved digitally.
