Success By the Numbers--Meeting Your Business Goals

Have you created your business plan for 2025? Have you determined your income goals? Do you know how many listings you need to meet your financial goals? Or how many contacts you'll need to make to get those listings?

Join us for a business planning workshop that focuses first on setting attainable goals and then on the numbers/systems/and accountability you need to meet them. This is a workshop, so come prepared with what you know of your achievements in 2023.

This class is available both in person and by zoom.
